1

1. CHECK FITTING:

Measure the distance on both sides of the spoiler and position the spoiler extension on the centre of the spoiler. Mark the end points on the car spoiler.

2

2. PREPARE SPOILER SURFACE:

Use degreasing cloth to clean the spoiler.

3

3. INSTALL SPOILER:

Line up Maxton's Spoiler extension with previously marked points and peel off the red protecting tape and attach the spoiler extension to the spoiler.

4

4. CHECK INSTALLATION:

Firmly press on the spoiler extension to ensure it is secure. Clamps can be used if desired for extra security.
